

GNU VIETNAM STUDENT FAQ SHEET

Dear Students,

Welcome to KNU Vietnam! Below, you will find answers to some of our most frequently asked questions.

Q. What is KNU Vietnam?

In 2026, Kyungpook National University (KNU) and FPT University established a partnership to launch **KNU Vietnam** to offer prestigious KNU degrees in Vietnam. Under this agreement, KNU provides its academic curriculum and instructional materials, while FPT University delivers the lectures and manages campus infrastructure. Based at the Hanoi campus, the program allows Vietnamese students to earn a high-quality Korean degree entirely at home, with the flexible option to transfer to our Daegu, Korea campus at a later stage.

Q. Is there a difference in course content between KNU Vietnam and KNU Korea?

All course content is developed by academic faculty at KNU Korea and delivered by KNU-approved instructors in Vietnam. The curriculum, assignments, and exams you complete are identical to those at our Daegu campus. However, under the MOA, liberal art courses reflecting the local Vietnamese culture and society that are not provided by KNU Korea may be included.

Q. When can I transfer to KNU Korea?

You may transfer once you complete the minimum first-year credit requirements for your program, subject to visa and border regulations. To qualify for a transfer, you must meet the following criteria:

- **Credit Requirements:** Complete at least 31 credits for Business Administration, or 33 credits for Computer Science and Engineering.
- **Academic Performance:** Maintain a GPA of 3.7 or higher (on a 4.3 scale) and rank within the top 20% of your cohort.

Note: All successfully completed credits will automatically transfer to your degree in Korea. Your final course duration will be specified in your official offer letter.

Q. Does KNU Korea offer scholarships to international students?

All international students are automatically evaluated for merit-based scholarships during the application process. For the most up-to-date scholarship details, please visit the following link:

Q. Will my degree certificate be the same as the one issued to students in Korea?

Regardless of your study location, all final academic results are reviewed and finalized by KNU Korea. Your official degree certificate will be issued directly by Kyungpook National University in Korea and sent to KNU Vietnam for distribution during the local graduation celebration.
